OUR VISION

A NOURISHED AND THRIVING COASTAL SOUTH CAROLINA

HOW WE WORK

SERVING THE 10 COASTAL COUNTIES OF SOUTH CAROLINA

LCFB serves more than 200,000 neighbors who experience food insecurity every year through our network of **230+ partner agencies** - a network of food pantries, on-site meal programs, and veterans programs. Nearly 90% of the food we procure is distributed by our partner agencies.

Our dedicated staff equitably distributes food across the 10 coastal counties of South Carolina. We provide our partners with fresh fruits and vegetables, shelf-stable food, equipment, and support with educational nutrition materials and food safety training. We simply could not offer food assistance without our secure infrastructure of food resources.

We **Feed** Through Equitable Access

We provide dignified and equitable access to healthy food to all our neighbors who need food assistance.

Hunger can often be hard to see, but our deep understanding, through listening and learning, helps reveal the span of the problem and lets us know where help is needed most.

We **Advocate**

Lowcountry Food Bank advocates on behalf of those who experience hunger and amplifies their voice by increasing awareness about hunger issues and advocacy for social and policy issues that affect food insecurity.

We **Empower**

Lowcountry Food Bank recognizes the connections between poverty, food insecurity, access to health care, education, and economic opportunity, and holistically addresses food insecurity through nutrition education programs, neighbor choice food distributions, and access to resources and opportunities through our partners.

We believe in the resiliency of those we serve and support them as they return to self-sufficiency.
