

YOUR TIME CAN CHANGE A LIFE. INCLUDING YOURS.

UNITED WAY
Lowcountry

You may have noticed we're not your typical United Way. While we fund and work closely with other community partners, the heart of what we do is direct service. We run programs with our own staff, and we show up every day in the Lowcountry.

That makes volunteering with us different too. When you give your time to UWLC, you're not supporting the work from a distance. You're in the room, part of the team, working alongside our staff and your neighbors to build something that lasts.

Our work focuses on three foundations: educational opportunity, family financial stability, and basic needs. When those hold strong, people across Beaufort and Jasper counties can build the future they're working toward.

The Lowcountry is a community we build together, one person at a time. Please join us!

UNITED IS THE WAY WE BUILD COMMUNITY, ONE VOLUNTEER AT A TIME.

VOLUNTEER OPPORTUNITIES

Leverage Your Expertise
